

"The Ottawa Spotlight"

By Wilfrid Eggleston

Ottawa, April 21.—The federal parliament took up again this week, after an Easter recess of ten days, its many problems and projects. There is a good deal to be done. From now on Parliament Hill will be almost continuously busy in three or four different sectors. The Commons will be sitting daily, the Senate nearly as often, and in addition committees of both houses will be at work. Parliament will blossom out at times into a four or five ringed circus, with some thing doing under every tent at once. It will be as much as the members can do to keep track of the main events.

The bill of fare for the next two or three months includes the following: a wheat inquiry, reorganization of the Canadian Trade Commission, the budget, amendments to the B. N. A. act, reorganization of the Canadian National Railways set up, changes in the Bank of Canada, inquiry into farm implement prices, the amalgamation of several government departments, further inquiry into elections and franchise, pensions problems, inquiry into the status of the speaker between prohibition and the constitution and the meeting of another. Most of these items are worth a little separate consideration here.

We shall probably hear this week when the budget is being brought down. This is the most sacredly guarded legislation of the year; and until it actually arrives, forecasts of the most part are only guesswork. Sometimes only the prime minister and the finance minister know about a tax or tariff change until the day of presentation.

For several weeks past, revenue and other financial figures have been in process of completion. It is possible, without disclosing any secrets, to sum up certain probabilities of the coming budget.

Budget Probabilities
A small surplus of ordinary revenue over ordinary expenditure. Probably about ten million dollars.
A heavy deficit when special expenditures are taken into account. Unemployment relief cost about \$8 millions and Canadian National about 47 millions, in the year just closed.

Total deficit around 125 or 140 million dollars.
Substantial upturn in external trade as compared with the previous year.

Loans to the four western provinces now stand at over 115 million dollars.
Few tax changes. Practically none on the downward side. There is a rumor that the sales tax is to be raised from six per cent to seven.

Reductions in duty on raw materials used in the publishing business, in the boot and shoe trade, in the automobile industry. Reductions on Bane primary implements of provision. Possibly a cut in the tax on refined gasoline. Possibly some cuts in the duties on British textiles.
Announcement that about 40 million dollars in refunding operations can be carried out in the next eight months with savings to the treasury of nearly nine million dollars annually at present interest rates.

A balanced budget by 1938; and possibly the reduction of the deficit to less than one half the current year's figure by 1937.

Delay Amending B. N. A. Act?
It begins to look as though amendments to the constitution will not be proceeded with this year. The major amendment is one to provide machinery for a loan council, which would permit the provinces to secure a federal guarantee for their loans, under certain conditions. A bitter-mouth attitude has grown up about the loan council. Alberta definitely rejected it, although she was one of the provinces which could have benefited from a federal guarantee or her loans. British Columbia does not appear to be very enthusiastic. And the Dominion government is certainly not anxious to appear in the position of thrusting a loan council upon any of the provinces.

Even if the loan council idea is jettisoned, it will not be the end of dominion-provincial discussions on this theme. This problem has been solved. Several of the provinces are carrying a heavier interest than they can manage indefinitely, and the parties are not lifted by a loan council. It will have to be attacked in some other manner.

HIGHLIGHTS OF THE CHANGES IN COURSES OF STUDY FOR ALBERTA SCHOOLS

Ultimate Aims

- 1 To create a Socially Minded Citizenry.
- 2 To organize a system which will meet the needs of the children, not to force children into an unnatural system.
- 3 To teach children to think, removing the emphasis from remembering.
- 4 To train young people who have formed the habit of critical judgment.
- 5 To refine the emotions.

Changes in Organization of Schools

- 1 The New Course in Grade IX, to be known as the Elementary School.
- 2 The New Course in Grade IX, to be known as the Intermediate School.
- 3 The New Course in Grade IX, to be known as the High School.

To Come Into Effect Next Year

- 1 The New Course from Grades I - VI (inclusive).
- 2 The New Course in Grade IX, to be known as the Elementary School. The New Course in the Elementary School is based on what is known as "Enterprise Education." It would take altogether too much space to explain this scheme at this time.

The new programme in Grade IX will consist of: (1) English (Reading, Literature, Composition, Grammar and Spelling).

- (2) General Mathematics (Algebra, Geometry, Arithmetic).
- (3) General Science.
- (4) Social Studies, (Geography, History and Civics).
- (5) Health Education (Health and Physical Training).
- (6) Three Optional Subjects to be selected from—Art, Choral and Instrumental Music, Dramatics, Oral French, Household Arts, Junior Business, Typing and General Shop.

Eventually there will be only two departmental examinations leading to graduation, one at the end of Grade IX and one at the end of Grade XII. These examinations will probably be a radical departure from the old traditional type. The certificates awarded to successful graduates will be of 3 kinds—either (1) admission to University, (2) admission to Normal School, (3) General High School Leaving Certificate.

Yvonne Huffman, formerly of Blackfoot Trail School, now living six miles from west of Lacombe, Mrs. Fraser is at home through the Department of Education's Correspondence course and is doing exceedingly well with five subjects.

Mr. and Mrs. George Strathmore, formerly of Ardmore, are doing nicely on their new farm west of Lacombe. Mrs. Fraser is a sister of the Barry sisters of Calgary.

Mr. Fred Holmes spent at the Easter week end at his home in Okotoks.

Mr. and Mrs. Fred Bent spent Sunday with the latter's parents in Calgary.

The Kimberley Dynanthers have been granted permission by the Canadian Amateur Hockey Association to tour Europe. They will likely leave Canada in August.

Mrs. Nels White arranged a very enjoyable bridge of five tables Friday last in honor of Mrs. T. Milson. Keen play, delicious refreshments and a bright social hour all combined to make a very pleasant evening. Mrs. Whitehouse was the fortunate winner of the high score. Mrs. T. E. W. and Mrs. C. Cowell, the traveling prize and Mrs. Patterson, the consolation.

The best time ever was enjoyed by all who attended the Y. P. S. Hard Time Social Evening held Thursday last in the Memorial Hall. Several of the costumes were held throughout the latest word in the fashion world. The judges were Mrs. Archibald and Mr. Little who awarded the prize to Berrie Othman and Harold Douglas as giving the most "hard time" effect.

a radical departure from the old traditional type. The certificates awarded to successful graduates will be of 3 kinds—either (1) admission to University, (2) admission to Normal School, (3) General High School Leaving Certificate.

Mrs. Saunders left Wednesday for Calgary where she will reside.

Mr. and Mrs. George Strathmore have rented their farm and will go to Vancouver where they will make their home in future.

Mr. Bill Harwood of Rockyford is moving into the Smith home and will farm there.

Mrs. Chubbard, formerly of Strathmore left Monday after a short illness in Calgary. She is survived by her husband, two sons and four daughters. Strathmore friends extend sympathy.

Mr. and Mrs. Milesen and family left Sunday for their new home in Lethbridge.

Mrs. J. Carter gave an interesting demonstration of bookbinding, drawing, woodwork, etc. at the home of Mrs. Way, at the regular W. I. meeting on Wednesday last.

Mrs. Sutherland of Banff is the guest of Mr. and Mrs. W. S. Patterson for the week.

COMING EVENTS

Night of Four One-Act Plays, Wednesday April 23rd.

Art Lecture by Major Norbury in Dining Room of Memorial Hall, on Thursday, April 30th at 8 p.m. Last-er's of Famous Pictures. Major Norbury is a very entertaining lecturer and an interesting and educational evening is assured. Entertainment under auspices of Canadian Legion, School Board and Sorosis Societies.

There will be an important School Fair meeting April 24th at 2 p.m. in the High School. All members of the executive phase be present.

FUNERAL OF MRS. A. McLEAN PIONEER RESIDENT

The funeral of Mrs. Archibald McLean of Nightingale was held from 9 o'clock to 11 o'clock, Monday afternoon last.

When fishes flow and forests walk
And flies grow upon them
Some moment when the moon was blood
Then surely I was born;

With monstrous head and sickening cry
And ears like errant wings,
The devil's walking parody
On all four-footed things.

The tattered outline of the earth,
Of ancient crossed will;
Starve, scourge, derides me; I am dumb,
I keep my secret still.

Poets! For I also had my hour,
One far fiercer hour and sweeter:
There was a shout about my ears,
And palms before my feet.
("The Donkey" by G. K. Chesterton)

I saw with open eyes
Singing birds sweet
Sold in shops
For the people to eat,
Sold in the shops of
Stupidity Street.

I saw in the vision
The worm in the wheat,
And in the shops nothing
For people to eat;
Nothing for sale in
Stupidity Street.
"Stupidity Street" by Ralph Hodgson

Montreal. Opportunities for out of town sons and daughters to entertain their mothers on Mothers' Day, Sunday, May 10th, or fathers on Fathers' Day, a little later, are being given this year by the Canadian Pacific Railway according to announcement today by G. E. Carter, general passenger agent of the company. For these two important days in the lives of all parents, the Canadian Pacific Railway is featuring a delivery service of railway tickets, whereby a son or daughter can pay for the transportation at the nearest Canadian Pacific office in the municipality where he resides, and the order will be sent by telegram to the parents home town office and delivered directly to the home without extra charge. This service proved very popular last Christmas and New Year's and is expected to provide a happy holiday for parents with out of town children on Mothers' or Fathers' Day this year.

CHRISTIAN SCIENCE

At all Christian Science Churches next Sunday, the subject of the Lesson-Sermon will be "Probation after Death." The following is one of the Scriptural quotations contained in the Lesson-Sermon: "His soul is Christ risen from the dead, and become the firstfruits of them that slept." (1 Corinthians 15:20). One of the correct passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, 5 as follows (page 46): "Jesus' unchanged physical condition after what seemed to be death was followed by his exaltation above all material conditions; and this exaltation explained his ascension and revealed unmistakably a probationary and progressive state beyond the grave."

NAMAKA

The annual congregational meeting of the United Church held in the Hall on Thursday. Quite a number were present. After the usual business routine Election of Officers followed. Mrs. Wuester, retiring secretary declined to accept office again although nominated and the office will be filled by one of the Stewards, Mr. H. E. Thomson and Mrs. Wuester were appointed Elders. Mrs. Watts and Mr. A. H. Miller as Stewards. After the meeting adjourned all sat down to a social hour with coffee, which was thoroughly enjoyed.

Mrs. Shinton accompanied by Miss Nancy Fawcett are holidaying at the home of Mr. and Mrs. Foss at Stand.

Miss Ivy Watts is a guest at the home of Mrs. Chas. Thomson. Glenice Montgomery and children of Calgary returned home for Sunday after a week's holiday at the home of her parents Mr. and Mrs. O. Watson.

Miss Connie Bremner spent the week with Marie Lamson of Gleichen.

Mrs. Black of Strathmore was a week end guest at the home of Mr. and Mrs. E. C. Watts.

Seeding will be general this week, weather permitting.

WAKE UP YOUR LIVER BILE—

And You'll Jump Out of Bed in the Morning Ready to Go

The liver should pour out two pounds of bile into your small intestine in the morning. If just once to the women, this bile will give you more energy, more vitality, more power to get into the body, and you feel more, and the world looks good.

A new liver movement doesn't take place at the same time and sometimes it takes Carter's Little Liver Pills to get these two pounds of bile flowing freely and you feel "up and up." Harrows and greets they make the bile flow freely. There is no harm in them. Ask for Carter's Little Liver Pills by name. Strathmore before anything else. Dr.

CARSELAND

The pianotele pupils of Mrs. and Miss Brander gave a recital in the hall on Tuesday evening, which was much enjoyed. Those taking part were Hazel and Dora Hill, Elaine Herker, Vera and Norma Stinson, Gillian Fryer, Lois Dick, Vivian Honyar, Lois Lawson, Murray Greenwood, Harold Christensen, Robert Stangness and Emily Fryer. Assisting on the programme were Miss Dick, Helen McKinnon, E. Stinson and Mr. and Mrs. Forster.

The Ladies Aid met Wednesday at the home of Mrs. W. Bergquist, Mrs. F. Doe in the Chair. Plans were made for a tea in aid of the Women's Home to be held Saturday afternoon in the United Church at 3 o'clock. Tea hostesses were Mrs. Jamieson and Mrs. Forster.

At the home of Mrs. John Christensen on Saturday afternoon a shower was held in honour of a recent bride Mrs. Park, new Miss Ida Christensen. There were many beautiful and useful presents. The presentation was made by Mrs. Forster to which the bride replied in suitable terms.

The local baseball team is under way and plans have been made for a baseball game to be held on May 1st. Tickets are being sold at 25c and there is to be a draw on same for a Cedar Chest and a number of other prizes.

ALBERTA ROAD

Early start will be made on what is hoped to be a three million dollar road improvement program, which would include 300 miles of hard surfacing commencing at an Albertan. S. border point still to be selected, Hon. W. A. Fallow, provincial minister of public works, announced Sunday. The department also plans to carry on work on the trans-Canada highway in the south, and to undertake work on the road to Picture Butte to serve the new sugar refinery to be brought into operation there this year. Mr. Fallow said: "I will be very much surprised if within two months there is any man out of work who is willing to work. That will be the case, at any rate, as far as my department is concerned."

CHEESE IN THE MENU

At this season of the year many housewives are checking over their recipes for meat substitutes. The primary purpose of any food which is to be used as an alternative of meat is to supply the necessary protein for the mind. Cheese dishes adequately meet this requirement. In salads, as dessert, cheese may be incorporated into the meal but its chief use is in the making of delicious and attractive main course dishes, a few of which are suggested here by the Milk Utilization Service, Dominion Department of Agriculture.

Tomato and Cheese Rarebit
2 tablespoons butter, 2 tablespoons flour, 2 tablespoons chopped onion, 2 cups grated cheese, 2 cups canned tomatoes, 1 teaspoon Worcestershire sauce, dash of cayenne salt and pepper.

Cook chopped onion slowly in the butter, stir in flour. Gradually add tomatoes and seasonings, and cook until mixture thickens. Add grated cheese. When cheese is melted serve on toast or crackers. If desired, the tomatoes may be strained or 1-2 cups tomato juice may be used.

HUMAN INTEREST INCIDENTS

White war has continued between Italy and Ethiopia, unrest between Japan and China, politicians battling with tariffs, taxes and work programs, episodes which have lacerated the heart strings of the immediate friends and proven the self-sacrificing efforts and deep sympathy and cooperation of willing helpers have been first in importance to persons in both Eastern and Western Canada during the past week.

In Moose River, Nova Scotia the plight and experience of the three entombed men in the Moose River Gold Mine would be such as more words would be futile to describe. What joy would the entombed men, when first their voices could be heard through the long tube, by those above ground, and food and supplies be given them.

The eagerness of the helpers to leave no possible means of rescue untaken, called forth the merited exclamation of Mrs. Robertson, "You men you are wonderful." Likewise in Trail, B. C. where at the disappearance of a little child the town turned out en masse to search. When human effort failed they turned to the sagacious instinct of the Dog Tubby. When Tubby speechless, but with unwavering instinct, led the searchers several times to the river banks, then gently did the searchers give up their sympathetic endeavor. In such cases we would wish that Tubby and his other canine friends could speak. What words of guidance or wisdom would they utter?

FESTIVAL OF DRAMA

The Dominion Dramatic Festival is being held in Ottawa, this week. The contest will continue throughout the week, 22 clubs competing. Interest will run high and the task of Sir Harley Drayville Barker, of Paris, the adjudicator will not be an enviable one.

The encouragement and development of dramatic effort in Canada is a very worthwhile feature of progress. As Mrs. Haynes recently stated in Strathmore the Theatre, is the Cathedral of the Soul. Hence young folk and older ones, will through the reading, study and enacting of good plays, receive a mental and cultural training which should be far-reaching in its effect.

OFFICERS FOR NO. 19 BRANCH CANADIAN LEGION

A large attendance of members were turned out for the Election of officers at the Strathmore Branch No. 19 Canadian Legion meeting held last Tuesday. Nominations for the officers were many, and one, that of 2nd Vice President was decided between two who had an equal number of votes, G. A. MacLean and J. Sharp by the toss of a coin. J. S. Gunn will serve a second term as President. Officers who will support him are: Wm. Gray, 1st Vice President, J. Sharp, second Vice President, Secretary-Treasurer W. S. Peterson, Executive Committee, R. E. Gray, H. McGreig and J. Swanson. Entertainment Committee J. P. Isard, H. G. Smith, W. T. P. Wright, W. L. McKenzie and W. Springthorpe. Sick Committee, H. SURVEY OF ALBERTA FARMS

A cross section of living conditions on Alberta farms is given in the yearly Federal bulletin of agricultural statistics. The survey was made by two members of the Internal Trade Branch and represents a cross-section of some 222 Alberta farms located in various parts of the province, the average size being 516 acres.

Each farm in the survey had an average of 5.25 persons in the family or a total of 2782 persons of whom 1669 were under 18 years of age. The average expenditure per farm is shown to be \$1472 exclusive of debt charges but only 42 per cent of this amount is spent for family living needs and 58 per cent for operating the farm. That is to say, the families lived on approximately \$609 a year which for a family of five is just \$120 apiece. However, these expenses were exclusive of debt and mortgage interest on 240 farms averaging \$240 a year. Tax arrears averaging \$262 per farm were shown on 25 out of 222 farms, and 324 farms which were mortgaged reported arrears of principal and interest averaging \$242 per annum.

Building large in the expense end of farm operation is the item of taxes which represents 14.52 per cent of the total cost of operating the farm. Taxes averaged \$121 for the 222 farms against \$163 for food; \$141 for clothing, 61 for household equipment, \$69 for fuel, \$64 for help and \$117 for life insurance, newspapers, magazines, education, telephone and tobacco.

Farmers said that expenses for operating their farms were nearly 60 per cent below normal requirements and consequently are at rock bottom.

SUMMER SCHOOL IN FINE ARTS AT BANFF

The Provincial Institute of Technology and Art will conduct a Summer School in fine Art and design at Banff from August 3rd to August 21st in co-operation with the Extension Department of the University of Alberta and with the financial assistance of the Carnegie Foundation of New York. It is designed to make this facility known and available to as many persons in the province as have aptitude in this subject and with this in view fees are merely nominal. To encourage those who would profit the committee in charge will offer to the person in each of the districts who makes the best drawing or painting within the district according to the rules, a scholarship to the value of \$10 as payment of fees for tuition at the Summer School. It is hoped that many will avail themselves of this opportunity and participate in this contest.

For further information communicate with the Provincial Institute of Technology and Art, Calgary.

VALUE OF FLAX

Flax is one of the oldest and one of the principal agricultural products from which wearing and decorative apparel is manufactured. Its native country is unknown, but linen, fabrics, thread, and linseed oil which are the best known products of flax, have been found in the excavations of the Stone Age, so that these old commodities of the human race knew a good deal more than is sometimes attributed to them. For one thing the best method of harvesting flax has not advanced one iota since the Stone Age. One flax is obtained by hand-pulling and the best threshing results arise from the use of the old flail, after the seed heads have been crushed out with a roller.

No substitute has been found to replace flax satisfactorily in the manufacture of fine linen and damask. The use of flax extends from oakum for

caulking boats to milady's lace handkerchief and hat, but what mere man, unless he were a statistician, would calculate "agricultural product" when suddenly confronted with a spring hat creation!

The portrait painter approached the old villager and offered him some money if he would allow him to paint his features. Old Ben hesitated and then shook his head.

It's money easily earned, prompted the artist.

Oh, money that, sir, replied Ben, thoughtfully stroking his whiskers.

But O'er just thinking how O! should set the paint off afterwards.

NEW VICEROY TAX OFFICE

New Delhi, India, April 29.—The
 Marquis of Louthgow took over the
 duties of Viceroy for a five year term
 that will see the far reaching consti-
 tutional reforms of the government of
 India put in effect.

Stout theatrical person (engaging
 room): Window's a bit small. Would
 not be much use to me in an emer-
 gency.

Laudly—There ain't going to be
 any such emergency. My terms for
 actors is weekly in advance.

THE STANDARD

MISPLACED ENERGY

—10—
 Some act 1932, seeing for the first
 time, wherein a number of benevo-
 lent ladies assemble together for the
 purpose of making flannel underwear
 for ear muffs for the heathen in that
 part of Africa where a string of
 beads is the fashionable costume and
 the degrees in the shade is called
 road. A real discussion was started
 by one lady remarking she thought
 charity should begin at home, most of
 the ladies appearing to feel the poor
 negro population should be taken
 care of even if their husbands lost
 their pants through their failure to
 be on business necessary to keep
 them in place. The greatest farce was
 the hiring of a seamstress to do the
 sewing, presumably we believe, to
 permit the philanthropic gathering to
 go into greater detail concerning the
 affairs of the neighborhood. There
 can at least one could member of
 the gathering who declared she did
 not come to sew but to talk and who
 brought her compact, lip stick and
 nail mirror with her.

—1497—
 Annie will you please wash my
 face?

Why, Johnnie I thought you could
 wash that yourself.
 Well, I can, but I'd have to get my
 hands wet and they don't need it.
